

NORTH CAROLINA EMERGENCY OPERATIONS PLAN (NCEOP)
ANNEX A | APPENDIX 1 | TAB A
SERT PUBLIC INFORMATION SECTION (NCESF-15)
December 2017

I. INTRODUCTION

A. PURPOSE

The purpose of this appendix is to provide guidance and procedures to carry out the public information function to support preparation, response and recovery efforts surrounding disasters.

B. SCOPE

This appendix applies all hazards that threaten North Carolina.

II. SITUATION AND ASSUMPTIONS

A. SITUATION

After the occurrence of a disaster, it can be expected that normal means of communications in the affected areas will either be disrupted or incapacitated. Limited and incomplete information may be expected from the disaster area. Normal means of disseminating messages and information to the public may be severely affected or cease to exist, and demand for information concerning the disaster could be overwhelming.

B. ASSUMPTIONS

1. The demand for public information in the disaster area may exceed the capability of the local government. Additional support may be requested from the state. Evacuees being hosted outside the regular media market for their communities will need information regarding impact and re-entry. The State Emergency Response Team (SERT) has primary responsibility for collecting and disseminating this information.
2. Information originally received from the disaster area may be incomplete, vague, erroneous, and/or difficult to confirm.
3. Media communications facilities may suffer extensive destruction and/or loss of power may severely disrupt the normal information flow.

B. NOTIFICATION

The NCEM Duty Officer will notify the Emergency Management PIO and the Department's Communications Duty Officer that an emergency has occurred or that such potential exists. According to the severity and nature of the situation, public information support agencies will also be notified.

C. RESPONSE ACTIONS

1. INITIAL

- a. Push messages out via traditional and social media as warranted.
- b. Staff EOC as needed.
- c. Conduct initial press briefing.

2. CONTINUING

- a. Provide trained public information personnel to support local response and recovery efforts.
- b. Provide updates to news media on disaster situation and actions the state is taking regarding the situation.
- c. Share accurate information with the Governor's Hotline and 2-1-1 center as necessary.
- d. Coordinate with SERT sections to ensure accurate and current information is released to the public.
- e. Monitor trends and rumors within the Governor's Hotline and 211; take action to correct rumors and erroneous information.

D. RECOVERY ACTIONS

1. INITIAL

- a. Coordinate with Donations Management to determine what volunteer goods and services are most needed in the disaster area.
- b. Provide coverage for the Joint Field Office (JFO) and/or the Joint Federal/State Information Center (JIC), as necessary.

2. CONTINUING

- a. Continue to coordinate with local governments and state agencies on recovery efforts.
- b. Coordinate with state and local agencies and, using an outreach and education program, provide emergency information to individuals, families, business and industry directly or indirectly affected by the disaster. Information should include news about the safety of structures, food, location of medical aid and shelters and tips for protecting health and safety during and after the disaster.

V. DIRECTION, CONTROL AND COORDINATION

1. LOCAL

Local governments designate a public information officer to coordinate emergency public information during disasters and to carry out public education programs during pre-disaster periods. During disasters, the County EOC serves as a central coordinating center for public information. Local governments will develop procedures for carrying out the public information function. When the demand for public information exceeds the capability of the local government, additional support may be requested from the state.

2. STATE

The State EOC will serve as the central coordinating facility for receiving and disseminating public information. Communications officers (also referred to as PIOs) from lead and support agencies will locate in the State EOC's JIC as required to facilitate the flow of public information. The SERT Public Information Section will coordinate with other sections since the protective actions taken during disasters involve their resources.

3. FEDERAL

After a Federally declared disaster, a State/Federal JIC will be opened to provide response and recovery information to individuals, families, business and industry directly or indirectly affected by the disaster. The Department of Public Safety Communications Office will coordinate with NCEM and FEMA to ensure there is adequate PIO representation in the Joint Field Office to help coordinate public information needs during recovery.
